

Think you can keep pushing off your optimization plan?

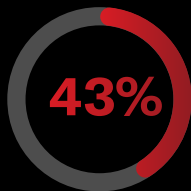

It's estimated that around 40% of workers still rely on paper-based systems, yet many businesses are still slow to modernize for fear of disrupting productivity. Nevertheless, intelligent modernization is still crucial as supply chain challenges evolve.

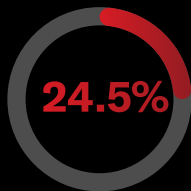

40% of workers
still rely on paper-based systems

Out-of-stock rates have climbed **11%** within a year for everyday products.

Warehouses are facing a **43%**¹ labor turnover rate.

E-commerce sales are expected to compose **24.5%** of all retail sales² worldwide.

Warehouse rental costs increased **10%**³ in a span of a year.

Full warehouse automation can cost up to

\$25 MILLION

When it comes to optimizing supply chain workflows, you can't afford the wait.

That's why the Heartland/Honeywell Advantage is committed to simplifying your optimization plan with...

1

ACCESS TO HONEYWELL'S ENTERPRISE-GRADE DEVICES that streamline workflows

2

ACCELERATED SOLUTION ROLLOUTS and configurations alongside our AlwaysOn team

3

SCALABLE DEPLOYMENT PLANS, so you don't have to buy multiple necessary upgrades

4

AGNOSTIC DEVICE MANAGEMENT PLANS that embrace multiple OEMs for a truly custom solution

5

FASTER REPAIR TURNAROUND TIMES that protect uptime

6

CUSTOM CONNECTIVITY INFRASTRUCTURES built by AlwaysConnected for less dropped signals

Take the first step towards intelligent optimization with an exclusive H2A partner.
