

What's Hinderering the Warehouse Experience and How To Fix It

The shipping and warehousing industry has shifted dramatically in recent years, that's why warehouses are now pressured to modernize operations and meet customer demands in the midst of a series of challenges such as:

43% labor turnover rate in the warehouse, which costs \$365,000 a year¹

Inaccurate orders that cost \$50 and the loss of customers²

Demands for shipping and warehousing increasing 25-50% last year³

Businesses suffered 50% more cyber attack attempts per week in 2021⁴

HOW TO FIX IT:

Enhance communication with AlwaysConnected

- Custom plan to optimize mobile network performance
- Simplify support with on-site diagnostic surveys
- Eliminate downtime with network monitoring
- Increase productivity up to 10%.

Ensure reliable mobile device management with AlwaysOn

- Eliminate stress and reduce downtime rates
- Improve visibility and efficiency with updates on your devices
- Improved customer satisfaction and employee retainment

Boosted security and warehouse mobility with enterprise-ready handhelds

- Reduce training times and simplify deployment with Android OS
- Minimize stress by leveraging a touchscreen interface that's familiar to users
- Protect sensitive data with enterprise-ready encryption that doesn't disrupt work
- Consolidate mainstream workflows by combining data processing and communication networks in one device

Meet demands and optimize shipping with Honeywell Mobility Edge

- Powerful tools to drive faster data capture and minimize shortage issues
- Enhanced worker connectivity to boost worker satisfaction and retention
- Standardized technology for simplified data sharing

START BUILDING A MORE POWERFUL AND PREPARED WAREHOUSE WITH HEARTLAND AND HONEYWELL.

Prepare for labor shortages, shifting demands, cyber attacks, and connectivity issues with Heartland and Honeywell's intelligent solutions that alleviate stress and boost productivity in your warehouse.
